

## Across

2. Who provides the monitoring/mentoring aspect for the NISE™ course?
4. At the end of two years experience in the OR, a nurse is eligible to sit for the \_\_\_\_\_ exam.
5. A \_\_\_\_\_ is someone with more experience and knowledge who will help guide the novice OR student throughout the course
7. What organization is responsible for establishing the national Guidelines for Perioperative Practice?
9. Who at the facility is responsible for helping train the new-hire novice nurse?
10. Competencies measure \_\_\_\_\_ as well as technical skills to ensure safe patient care.

## Down

1. \_\_\_\_\_ are a skills and knowledge assessment validation tool used by the preceptor.
3. The three main areas of perioperative nursing are: Preoperative, Postoperative, and \_\_\_\_\_.
4. \_\_\_\_\_ with the facility is required to ensure student success in the program.
6. NIFA's NISE™ Course allows up to \_\_\_\_\_ months to complete the program.
8. One reason OR nursing is facing a crisis is the \_\_\_\_\_ of so many nurses in their 50s and 60s.
